Hon. Leona Dombrowsky
Minister of Education
Ministry of Education
900 Bay Street, 22nd Floor
Mowat Block
Toronto ON
M7A 1L2

Dear Minister Dombrowsky:

On behalf of the Ontario Student Trustees' Association - l'Association des élèves conseillers et conseillères de l'Ontario (OSTA-AECO), I would like to personally congratulate you on your recent appointment as Minister of Education.

OSTA-AECO is the largest student stakeholder organization in the Ontario education system, representing and advocating on behalf of the over 2 million students in the province. Our association is comprised of student trustees from district school boards across Ontario who are elected to represent the student voice at their respective boards of education. Now in its tenth year as an organization, OSTA-AECO continues to play a key role in crafting the future of publically funded education in Ontario.

As a stakeholder in education, we look forward to working closely with you in the time ahead. We are confident that through our collaborative efforts, we will be able to further the student voice and deliver a world class education to Ontario's students. We are excited that you are returning to contribute to the education community, especially after having served as a trustee and board chair in the past. We are hopeful that you will continue the great work that Minister Wynne had begun and look forward to forging a positive and constructive relationship with you on behalf of the students of Ontario.

I invite you to learn more about the hard work of student trustees and OSTA-AECO at our website at <http://www.osta-aeco.org>.

Sincerely,

Gorick Ng
President
